

# Safety Data Sheet

## Section 1 PRODUCT IDENTIFICATION

Product Name:	Acritec Acrylic Undercoat
Synonyms:	none
Recommended Use:	Water based general purpose acrylic sealer and undercoat
Supplier Information:	Cameleon Coatings 26 Paramount Drive Wangara 6055 Phone:(08) 9302 2577 <a href="http://www.cameleon.com.au">www.cameleon.com.au</a> Emergency Phone: 0413 610 147 (24 hours)

## Section 2 HAZARD IDENTIFICATION

Hazard Classification:	<b>NOT classified as DANGEROUS GOODS</b> according to the criteria of the ADG7 code  <b>NOT classified as HAZARDOUS MATERIAL</b> according to the criteria of Safe Work Australia
------------------------	---

## Section 3 COMPOSITION

Ingredient	CAS Number	Proportion
2-methylisothiazol-3(2H)-one	2682-20-4	<0.005%
1,2-benzisothiazol-3(2H)-one	2634-33-5	<0.005%
Other non-hazardous materials to 100%	-	

## Section 4 FIRST AID MEASURES

Poisons Information Centres in each State capital city can provide additional assistance for scheduled poisons.

Description of necessary first aid measures

Inhalation: Keep victim calm and remove to fresh air if safe to do so. If rapid recovery does not occur, transport to nearest medical facility for additional treatment.

Skin Contact: If skin contact occurs, remove contaminated clothing and wash skin thoroughly with water and follow by washing with soap if available. Transport to nearest medical facility for additional treatment if necessary.

Eye Contact: If in eyes, hold eyes open, flood with water for at least 15 minutes. Seek medical assistance if necessary.

Ingestion: If swallowed, do NOT induce vomiting. Transport to nearest medical facility for additional treatment. If vomiting occurs spontaneously, keep head below hips to prevent aspiration.

# Safety Data Sheet

## Section 5 FIRE FIGHTING MEASURES

### Suitable Extinguishing Media:

Foam, water spray or fog, carbon dioxide, dry chemical powder. Do not use water in a jet.

### Specific Hazards:

Non-combustible material

### Fire Fighting Advice:

Not combustible, however following evaporation of aqueous component residual material can burn if ignited. Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapour or products of combustion. Thermal decomposition may yield acrylic monomers.

## Section 6 ACCIDENTAL RELEASE MEASURES

### SMALL SPILLS

Wear protective equipment to prevent skin and eye contamination. Wipe up with absorbent (clean rag or paper towels). Allow absorbent to dry before disposing with normal household garbage.

### LARGE SPILLS

Slippery when spilt. Avoid accidents, clean up immediately. Wear protective equipment to prevent skin and eye contamination and the inhalation of vapours. Work up wind or increase ventilation. Contain - prevent run off into drains and waterways. Use absorbent (soil, sand or other inert material). Collect and seal in properly labelled containers or drums for disposal. If contamination of sewers or waterways has occurred advise local emergency services.

## Section 7 HANDLING AND STORAGE

### Handling

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes and clothing. Ensure adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before re-use.

### Storage:

Further information on storage conditions: Keep container tightly closed and dry; store in a cool place, but prevent from freezing.

### Exposure standards:

No exposure standards have been established for this material by the National Occupational Health and Safety Commission.

### Engineering Controls:

It is recommended where there are occurrences of mist or vapours, to use local exhaust ventilation, vented to atmosphere.

# Safety Data Sheet

## Section 8 EXPOSURE CONTROLS AND PERSONAL PROTECTION

**National occupational exposure limits:** No value assigned for this specific material by Safe Work Australia

**Personal protective equipment:**

**Respiratory protection:**

AS1716 – None required under normal conditions, however where mist occurs in spraying circumstances, wear an AS approved disposable half-mask dust/mist respirator.

**Hand Protection:**

Chemical resistant protective gloves (PVC/Rubber/Nitrile/Chloroprene)

**Eye Protection:**

AS1337 - Use chemical splash goggles.

**General safety and hygiene measures:**

Avoid contact with eyes and prolonged skin contact.

## Section 9 PHYSICAL PROPERTIES

Appearance: Opaque semi-viscous liquid

Solubility: Miscible with water

Odour:	Faint odour	Density @ 20°C:	~1.37 kg/lit
pH:	8.5-10.0	Flash point & Method:	Not applicable
Vapour Pressure 20°C (mm Hg):	~ 2.3 kPa water	Upper Explosive Limit (UEL):	Not applicable
Vapour Density (Air = 1)	<1 water	Lower Explosive Limit (LEL):	Not applicable
Initial Boiling Point & Range °C:	~ 100	Ignition Temperature °C:	Not applicable
Freezing Point °C:	0	Percent Volatiles (by weight):	46.5%

NAP = Not Applicable, NAV = Not Available

## Section 10 STABILITY AND REACTIVITY

**Reactivity**

Stable under normal conditions of use.

**Chemical stability**

Stable under normal conditions of use.

**Possibility of hazardous reactions**

Stable under normal conditions of use.

**Conditions to avoid**

Avoid extreme heat and sources of ignition

**Incompatible materials**

Strong oxidising agents.

**Hazardous decomposition products**

Carbon dioxide, carbon monoxide, hydrocarbons

# Safety Data Sheet

## Section 11 TOXICOLOGICAL INFORMATION

Based on our experience and the information available, no adverse health effects are expected if handled as recommended with suitable precautions for designated uses.

<b>Acute toxicity:</b>	This material has been classified as non-hazardous
<b>Skin corrosion/irritation:</b>	This material has been classified as non-hazardous
<b>Serious eye damage/irritation:</b>	This material has been classified as non-hazardous
<b>Respiratory or skin sensitisation:</b>	This material has been classified as non-hazardous
<b>Germ cell mutagenicity:</b>	This material has been classified as non-hazardous
<b>Carcinogenicity:</b>	This material has been classified as non-hazardous
<b>Reproductive toxicity:</b>	This material has been classified as non-hazardous
<b>Specific Target Organ Toxicity (STOT) – single exposure:</b>	This material has been classified as non-hazardous
<b>Specific Target Organ Toxicity (STOT) – repeated exposure:</b>	This material has been classified as non-hazardous
<b>Aspiration hazard:</b>	This material has been classified as non-hazardous

## Section 12 ECOLOGICAL INFORMATION

### Ecotoxicity

No information available

### Persistence and degradability

No information available.

### Bioaccumulative potential

No information available

### Mobility in soil

No information available

### Other adverse effects

No information available

### Additional Information:

Other ecotoxicological advice: Do not release untreated into natural waters. The local regulations on waste-water treatment must be followed.

## Section 13 DISPOSAL CONSIDERATIONS

# Safety Data Sheet

## **Waste disposal of substance:**

Incinerate or dispose of in a licensed facility. Do not discharge into drains, surface water or groundwater.

## **Container disposal:**

Dispose of in a licensed facility. Recommend crushing, puncturing or other means to prevent unauthorised use of used containers.

## **Section 14 TRANSPORT INFORMATION**

### **ROAD AND RAIL TRANSPORT**

**NOT** classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG7 Code) for transport by road or rail.

**NOT** classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

### **AIR TRANSPORT**

**NOT** classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air

## **Section 15 REGULATORY INFORMATION**

**NON Hazardous according to Safe Work Australia**

## **Section 16 OTHER INFORMATION**

**Date of preparation: October 2016**

**Version 1.04**

### **General:**

Safety Data Sheets are updated frequently. Please ensure that you have a current copy.

This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular, how to safely handle and use the product in the work-place.

Since the manufacturer cannot anticipate or control the conditions under which this product may be used or handled, each user must, prior to using or handling this product, review this SDS in the context of how the user intends to handle and use the product in the workplace.

If clarification or further information is required to ensure that an appropriate assessment can be made, the user should contact this company.

Our responsibility for product as sold is subject to our standard terms and conditions, a copy of which is sent to our customers, and is also available from the company upon request.
